

*"Life's most persistent
and urgent question is,
'What are you doing for
others?'"*
~Martin Luther King Jr.

The Arc of Justice: A Martin Luther King Junior Day Zoom panel January 18th, 2021 at 7 p.m.

Dr. Martin Luther King Jr. famously said, "the arc of the moral universe is long, but it bends toward justice." Dr. King was a leader in a movement for racial and economic justice, but the work did not end with him. Social justice leaders today continue to seek equality, working to solve problems caused by systemic oppression. Beth El will commemorate the life and legacy of Reverend Dr. Martin Luther King Jr. with a panel of some of Harrisburg's key black leaders and state representative Patty Kim, who will discuss the issues their communities face. Each leader will speak about what their organization is doing to address these problems, and how we in the Jewish community can be their allies.
