Jean Hanff Korelitz
The Plot

Jake Bonner, a once-promising young author is teaching MFA seminars at an obscure university and barely making ends meet when an abrasive Evan Parker arrives in Jake’s class with a one-of-a-kind plot he’s confident will bring him stardom. Jake hears that story and knows Evan is right. But Evan doesn’t publish that book—Jake Bonner does. And someone knows whose plot he stole.

Korelitz is also the author of *You Should Have Known* (*The Undoing* on HBO).
